Q.4 I'd like to ask how optimistic or pessimistic you are about Britain's economy. Thinking about all the things that may affect the economy - such as changes in salaries and wages, the level of interest rates and tax, the rates of inflation and unemployment, and the strength of the pound - how do you think the British economy will fare over the next year for the country as a whole?

Q.14 A report was published this week listing all of the MPs who have been required to repay money they had claimed in expenses and allowances. If your own MP, in the constituency where you live, was among those required to repay money, would you vote against them purely on those grounds and regardless of the party you support, or would you take other issues, such as party policies and the qualities of other candidates into account in deciding how to vote?
