Fieldwork : February 7th-9th 2003

Absolutes/col percents

Table 1

Q.1 On May 1st there are elections to the Scottish Parliament. Many people currently say that they probably won't vote at all in those elections, while others say they will definitely vote. On a scale of 1-10, where 1 means you definitely would not vote, and 10 means you are absolutely certain to vote, how likely are you, personally, to vote in the elections to the Scottish Parliament on May 1st?

Base: All respondents

Table 2

Q.3 In the elections to the Scottish Parliament, being held on May 1st, you will have two separate votes - the FIRST vote to elect an individual local constituency MSP, the second vote for a regional list of candidates put forward by each political party.

On the basis of your view of the parties at the moment, which party will you vote for with your FIRST vote - for an individual local constituency?

Base: All respondents expressing an intention to vote and saying 6-10 (likely to vote) at Q.1
